## **DETAILED ACTION**

### ***Miscellaneous Matters***

The file doesn't include a proper 3.73(b) or "Consent of Assignee" statement. The Consent of Assignee currently in the file lacks the title of the persons signing the consent (or in the alternative, a statement that they are empowered to sign on behalf of the assignee).

The original reissue declaration fails to comply with the requirements of 37 CFR 1.63 and 1.175 in that there is no date for the signatures and post office addresses for the first and second inventors.

Additionally, the declaration fails to state that the first and second inventors are joint inventors of the invention claimed as required by 37 CFR 1.63(a)(4).

Further, the declaration fails to identify the foreign application on which foreign priority is being claimed by specifying the application number, country, day, month, and year of its filing as required by 37 CFR 1.63 (c). This must be done in order to retain the foreign priority claim made in the original patent.

Pursuant to the above claims 1-23 are rejected under 35USC 251 for the defective declaration.

### ***Allowable Subject Matter***

Art Unit: 3765

Claims 1-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 251, set forth in this Office action.

*Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

***Any amendatory response to this Office action must comply with the new procedures specified in the revised 37 CFR 1.121.***
